WOMAN JAILED FOR FILING SUIT FREED ON WRIT

Mrs. Crandall Released by Habeas Corpus Proceedings After 5 Days in Custoday in Evansville, Ind.

JUDGE WILLIAMS **WON'T DISCUSS ORDER**

Federal Court to Pass on Indiana Jurist's Right to Enjoin Filing of Damage Action in St. Louis.

By a Staff Correspondent of the Post-Dispatch. EVANSVILLE, Ind., March 24.-The faith of an Indiana Judge in his power to regulate the conduct of citizens of his state outside the state is the foundation of the Crandall injunction case, now well on its way to becoming one of the most widely discussed highlights in Hoosier jurisprudence.

Yesterday Mrs. Inez B. Crandall, enjoined by Probate Judge Travis Williams of Evansville from suing the Louisville & Nashville Railroad in St. Louis for the death of her husband, and jailed for vioation of his order, was temporarily freed by the United States Circuit Court of Appeals at Chicago after five days in custody on Judge Wil-

NAVY FLYER, LOST 5 DAYS AT SEA,

Verne W. Harshman Bobbed Around Off Colombian Coast, First in Plane, Then Rubber Life-Raft.

By the Associated Press.

BUENAVENTURA, March 24.-Verne Warren Harshman, United States Navy aviation in a fuelless airplane, then in a rubber life-raft, is safe ashore.

The steamer Cerigo picked him up Sunday afternoon and brought him here yesterday after the navy had given up hope for him.

Harshman, flying with a navy quadron, got lost in a cloudbank ast Tuesday and when his gas ran ow he brought his ship down on the water. It remained afloat unwings began to deflate. Then he piled into the life-raft with some water and a signal pistol and Sharks tried to tip him out some

mes, but he floated along with the current. Once he sighted a eamer and shot off all the stars n his signal pistol, but the ship ney, John Madden of Kansas City, Brunk, the bank, Adams and Easdidn't see them and he threw the for postponement of the official pistol overboard. Once he sighted an airplane bound north, but it was beginning of the trial. If these too far away to see him.

It was about noon Sunday when the Cerigo came in sight. Harshcross its path and he was picked The vessel's radio was not pow-

erful enough to reach the naval station in the Canal Zone and the world knew nothing of Harshman's adventure until he landed here. and movement, round of face, with Becomes Separated From Squadror Harshman told his story for The and a ready smile. he articles was announce

louse, after which Re

he State.

By a Staff Correspondent of the Willis H. Meredith, Poplar Bluff; Post-Dispatch. Nick P. Bradley, Warrensburg:

JEFFERSON CITY, March 24.-Larry Brunk, State Treasurer, was formally impeached in the Senate and Don C. Carter of Sturgeon. today with the solemn presentation of the articles of impeachment man, United States Navy aviation voted a week ago by the House, pilot, who bobbed around for five charging high crimes, misdemeandays off the Colombian coast, first ors and misconduct in office. The presentation was by a committee of six members of the House appointed to prosecute the proceed ings in the Senate.

The date to be fixed for the trial is uncertain, but probably will be in about three weeks. Senator Lon S. Haymes, president pro tem of the Senate, said he had in preparation a resolution which he expected to offer tomorrow directing Brunk to appear early next week to answer the charges. If this resolution is adopted, Brunk will be auomatically suspended from office T. Easley, cashier of the Bank of Aurora, Mo., to permit Adams and when official notice is served on

Some doubt exists about the State on the deposit of State money adoption of the resolution by the and a lower rate of interest than Senate, negotiations having been the bank contracted to pay the under way for several days between State, and that the funds thus ob- administration "is the best answer notice until the actual day for the negotiations should be carried out Kenneth Edlin, president of the and agreed to by the Senate, Mad-Chicago, and William H. Norwin den would agree to have his answer man broke out his oars and rowed ready and to be prepared for ima salesman for the company, by mediate trial on the date fixed.

> Senators' Viewpoints Vary. Senators, who privately have expressed themselves as willing to as security for State deposits to enter into such an agreement, take the position that Brunk is under bond to the State and that there would be no impropriety in the course which has been suggested. Other Senators, however, take the riew that because of the seriousness of the charges, the proper course would be to follow exactly the intent of the law, which prorides for an accused in an impeachment trial to be given notice, after which a reasonable time would be given him to answer and a reasonable time given to the House to reply before the actual beginning

of the trial. Senators Casey (Dem.) and Davis (Rep.) of Kansas City indicated everal days ago when the subject of Brunk's impeachment was informally before the Senate that they would oppose any action lookng to the trial of Brunk until after all legislative matters had been disposed of by the Senate.

The Senate can hardly finish the onsideration of legislation in less than two or three weeks. If notice s not served on Brunk until that time and Madden demands the full time to which he is entitled to prepare for trial, the trial could not be begun for considerably more than a

Hoover Praises Porto Rico's

individual opportunity through in-corporation under the American flag, the island, by the efforts of

and intelligent people may accomsingle generation since joining in ation will bring to you the bless-our citizenship increased more ings of prosperity. than 60 per cent in population, increased over 500 per cent in material wealth and over 800 per cent in attendance upon public schools. You have decreased illiteracy by almost 59 per cent and the death rate has been diminished by more than 60 per cent.

From 25,000 to 200,000 Pupils. "I know of no finer achievement than that of the people of this island who, from their gaining wealth, have builded up from a ew public schools with but 25,000 scholars at the time of the occupation to a great system of several thousand schools, colleges and universities, which today gives in-struction to over 200,000 scholars.

"You are temporarily suffering not alone from the aftermath of the devastating hurricane of 1928, when a tenth of all the property of the island and a much larger percentage of the tools of liveligood were destroyed, but you are involved with us all in the worldwide business depression.

"Discouraging as these disasters may be for the moment, we know that they are but passing events in our history; that, with the courage of your people and under benevo-lent institutions which have been

prosperity and progress.
"In Washington we are sensible of these many serious difficulties with which you are struggling at the moment. We also realize not only these difficulties with which you are confronted, but we realize also your possibilities for future progress. This administration has given proof of the continued solicitude of our citizens on the mainland for your welfare by the measures recommended to the Congress and authorized by it. It has been the policy of the Federal Government to contribute even more liberally to the development of Porto Rico in this period of her upgrowth toward freedom and liberty than has been given to our

Response to Island Needs.

"Not only has the island enjoyed the invaluable privileges of full inclusion in our economic system but all of the Federal revenues from the island have been assigned to the island treasury, and now a large measure of the Federal welfare services in public works, public roads, education, agriculture, and in public health, are being extended to the island without costs to its people.

"The suffering of the people of the island from the great hurricane found a generous response not only from the contribution of your fellow citizens in the United relief from the Federal Treasury. The American People have been glad to cooperate in this upbuild present difficulties, and they take great pride in the progress you

"Basically what we are all striving for in our economic life is to provide for all of our citizens on this island, as well as the mainland, the opportunity to gain for themselves and their families by their own effort a fair and adequate livelihood. We have confidence in the advancement of your part of our nation through economic development, through the educatio and through the ordered liberty, which have created the great sis. ter commonwealths upon the main-

"We wish to see every Porto Rican with the same opportunities in life to which we believe every American citizen is entitled. Economic advancement is not neces-sarily the foundation of moral and spiritual advancement, but it can be made so if we so conduct our institutions that prosperity shall be diffused among all our citizens. If we use its surplus to advance the cultural, the moral and spiritual welfare of our people, then economic advancement serves not alone these purposes, but becomes the bulwark of liberty and freedom itself.

"I have been particularly im-pressed with the splendid efforts that you are making in the educa-tion and in health and care of children. They are the responsibility of every man and woman of the community, for in them as a whole lies the future. If each generation of youth enter upon the responsibilities of life and of the na-tion better equipped in body and mind and in character than parents, the nation will advance. If we fail in that, no amount of legislation, no amount of wealth, no amount of culture or scientific

discovery will assure progress.

Gov. Roosevelt's Work.

"I would be remiss if I should not on this occasion refer to the distinguished and devoted services to the people of Porto Rico of your Governor, Theodore Roosevelt Jr. Not only has he devoted himself with success to the problems oustruction and development i every proper direction, but he has

Continued From Page One.

Realized, as we all must realize, the peculiar and grave problems presented by the increase in your popvelopment and to expand your its citizens and the co-operation of the whole United States, has in a markets are of the first impor single generation emerged from stagnation to a high place in the march of progress.

"Porto Rico is, indeed, a mag"Ifficent examples are of the first importance to the people of the island. He has proven himself the true friend of the Porto Rican people.

"I should wish to convey to you

nificent example of what a capable a word of encouragement for the future. The achievements of your plish under free institutions. You have, indeed, shown courage and initiative under these impulses of freedom and liberty. In proof of this progress, I need but recall a few evidences. You have in this courage and that spirit of co-operation, building new institutions of government, and, in disaster, magnificent courage. That courage and that spirit of co-operation, will bring to you the bless-

> "You are endeavoring, as all our people are endeavoring, to build a system where men may have an opportunity of livelihood, where insecurity is no longer specter in the home of those who have the will to work, and where upon the soil of this prosperity you shall find richer fruits of culture and wider opportunities of mind and spirit. Those possibilities are before the people of Porto Rico. Your fellow citizens upon the mainland will co-operate with you to those ends."

Chief Justice Toro, replying to the President's speech, declared that the hope that Porto Ricans had entertained had been justified by President Hoover's administra-tion. The appointment of Governor Roosevelt, he said, had marked the beginning of "an era of vigor ous development of the resour and spiritual life of the island.

"Porto Rico is greatly indebted to you," he said, "for the legislation passed by the last Congres and approved by you. It will contribute to the welfare of the island for many years." Porto Rico, he said, was putting forth extraor-

dinary effort to educate its people builded here, their effects will be overcome and the nation and this island will resume their march in nation's chief magistrate, because he is who he is, and because of what he represents.

"To form a happy and grateful Porto Rico under the American flag." he continued, "is the duty of the United States. Without a realization of that it is useless to speak of Pan-Americanism."

Back to the Arizona. -The President left for Ponce this afternoon en roufe to the Virgin Islands. The automobile ride to Ponce is 90 miles. Infantry lined both sides of the street from Gov Boy Scouts and guardsmen were

Don't Leave Cosmetics on Over Night

Women are Warned

Rouge, powder, cream, left in the pores over night, can do untold harm. They must be removed, experts insist.

Close; they breathe. They must be kept free of dangerous accumulations, if you want to keep your skin fresh, smooth and lovely.

Impurities gather in the pores, call masses following this will stimulate the circulation and open hard masses. These masses, unless they are removed, become black-leads, pimples, and disfiguring blem-leads, pimples, and disfiguring blem-leads of the skin open and for this condition, but not any soap, over the head. This must be mas-

Many soaps

What miracles the modern beaut expert can work! Training, science the application of many theorie the application of many theories proved through years of experience, give the beauty experts skill that no tic value, which is to be desired, incre for is the fair, thin textures skin holds thousands skin with a deficiency of natural oils

but only this one dares tell you what it's made of

ACAKE of soap may seem a very simple thing. Don't deceive yourself. It's important.

How do you choose soap? By fancy claims? By the looks of a wrapper? By fragrance?

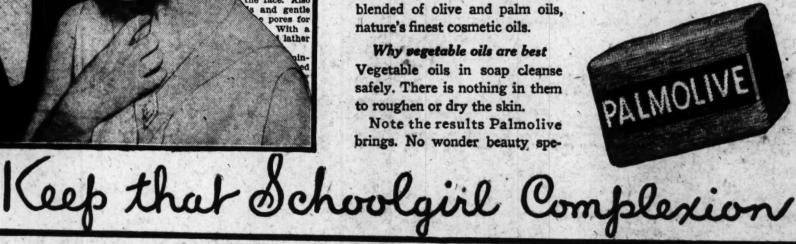

Think of the soaps you know. What are they made of? Do the makers tell you? No. Read over any of the advertising for these soaps. Can you tell what they're made of? Not a bit. But you do know what Palmolive is made of. It is a vegetable oil soap, a soap blended of olive and palm oils, nature's finest cosmetic oils.

Why vegetable oils are best Vegetable oils in soap cleanse safely. There is nothing in them to roughen or dry the skin.

Note the results Palmolive brings. No wonder beauty specialists urge it. In over 1500 cities beauty specialists recommend this one soap - more than 20,000 of them.

That is because Palmolive is pure. It contains no animal fats of any kind. Its delicate natural color comes from the fine vegetable oils of which it is made.

Don't think other soaps can give Palmolive results. They can't. If you want to keep that schoolgirl complexion, use Palmolive and nothing else.

Police say the Negro tried to enter the home of a store manager Saturday night while the man was away. His wife fired a shot, but failed to frighten the attacker away and she fled from her home down the street carrying the pistol. The Negro met her on the street police said, and accosted her. As they struggled for the pistol the woman fired a shot at him, wounding him.

ing him.

Friends of the wounded Negrocarried him to a physician formedical attention and police ar-

rested him.

The Negro was taken from the officers while on the way to Indianola. He was carried to a trestle near the Inverness station and hanged. The Sheriff cut down the body and began an investigation.

FIVE FIREMEN KILLED, 11

Volunteer Company of Malvern,
Pa., Was Responding to Grass
Fire Alarm.

By the Associated Press.
MALVERN, Pa., March 24.—
Five members of the Malvern Volunteef Fire Department were killed
and 11 others were injured yesterday when their truck, responding to a grass fire alarm, failed to make a turn on King road two miles west of here and crashed into a tree.
Only one of the 17 men on the truck escaped death or injury when

they were catapulted against a clay bank behind the tree. Percy Matlack, a platinum work-er, fell dead from shock when he learned that his son, Clarence, a 17-

year-old schoolboy, was among the dead. The others killed were Clifford .Kilpatrick, 19, unemployed; William Garrett, 25, a Pennsylvania Railroad shopman; Clarence Gregg. 24, and Charles H. Munch. The two last named were house paint-

ers. All lived in Malvern. The man who escaped was Francis Douglas. He said he saw the crash was inevitable and jumped to the road just before the

Award is Made for Their Gifts for Scientific Research.

the Associated Press. NEW YORK, March 24.—Science honors the seventy-sixth birthday of Secretary of the Treas-

ury Mellon today with a chemistry medal which discloses a little known side of his life.

The brothers have also sponsored health research with an gimost ironciad condition that their
identity as backers be withheld.
Mainly the scientific researches
have been at the Mellon Institute
of Industrial Research which the

brothers established at the Univer-sity of Pittsburg in 1913. There all industry and many branches of science have a place to make discoveries. The Mellons do not usually pay for these researches, nor receive any credit for them. although they furnish an important part of the scientific machin-

ery.
"The Mellon Institute," said Dr. Frederick E. Breithut, president of the Institute of Chemists, "is the West Point of our industrial system, assisting the United States to attain and hold its foremost position amongst the industrial nations of the world. Its activities have assisted in bringing to the United States the largest chemical industry in the world."

What the Pittsburg institution

has done for industry, Dr. Beithut said, will now be done for public health by the National Institute of Health at Washington to which Andrew W. Mellon is giving his

STATE LIQUOR CONTROL MEANS REPEAL, SAYS T. J. WALSH

Montana Senator Declares Demo cratic Proposals Would Bring Back Old System.

by the Associated Press.
MIAMI BEACH, Fla., March 24. Senator Thomas J. Walsh of Montana said here yesterday that proposals of Democratic party leaders to change the eighteenth amendment to permit each state to deal with its own liquor problems were nothing more nor less than straight repeal proposals.

If the amendment is repealed, he said, the states would enjoy the power to deal with their own prob-lems. "No amendment is necessary either to invest or reinvest them with such authority," he as-

the amendment that the power of the Federal Government would be so limited and the states left un-move the cause of foot suffering. hampered to the exact extent they Try these famous comfort shoes. were prior to the adoption of the eighteenth amendment.

"The eminent gentlemen may not know it, but what they propose is nothing more nor less than may be wise but the people ought not be fooled into the belief that something new is offered."

GROUN
THE MATURAL SMAPE OF THE

METAL REMOVED FROM BRAIL Tip of Knife Blade in Man's Head for 31 Days.

By the Associated Press. BRISTOL, Va., March 24. knife blade tip was removed from the brain of Augustus Fair, 25. years old, yesterday, 31 days after it was sunk there in a fight. Fair was stabbed in the head with a pocket knife during a fight with his brother, Avery Fair, but did not name the brother as his

assailant and a contemplated charge against Avery was dropped

Sloppy Joe's Bar, Havana, Bombed By the Associated Press.

HAVANA, March 24.—A bomb was exploded during the night in the rear of Sloppy Joe's bar, patronized by Americana. It did alight damage. Less than a fortnight ago robbers held up the saloon, which is one of the most popular in Havana with tourists, and took \$1500 from the till.

ADVERTISEMENT

A Sure Way to Remove It

medal which discloses a little known side of his life.

The award, jointly to him and his brother, Richard B. Mellon, was announced last night by the American Institute of Chemists. Richard B. Mellon was 73 last Thursday.

The Mellons are honored as pioneer patrons of science credited with gifts of many millions of dollars. The totals are a secret.

The practical results appear today in household articles of daily use.

The brothers have also spontaged in the second of the

remove every single sign and trace of it, no matter how much dandruff

18 House Democrats Absent, So Caucus Measure Fails by Six Votes.

By a Staff Correspondent of the Post-Dispatch.
JEFFERSON CITY, March 24.— The Hammett bill to take away from Secretary of State Becker, a Republican, some of his political power by depriving him of authority to select newspapers in each county to print the text of initiative and referendum proposals in ad-vance of each election was defeated in the House today, largely due to an active lobby maintained by Becker and rural newspaper pub-

The vote on the bill was 70 for to 49 against, falling six short of the required constitutional major-ity of 76 votes for the passage of a

bill in the House.

The bill was made a caucus measure early in the session by the Democratic majority, which has 86 votes in the House. However, for several weeks rural newspaper editors, including Democratic publishers who have received printing awards from Becker in counties where there are no Republican newspapers, have been opposing

One effort to have the Democratic majority rescind the caucus rule binding the majority to sup-port the bill failed recently. Since then opponents of the bill have centered on urging Democratic members to be absent when a vote

was taken on the bill. Eighteen Democrats were absent or "ducked" the roll call. Two Republicans, Representatives Heege and Bamber of St. Louis County voted for the bill. The vote in opposition to the bill was solidly Re-

Becker was on the floor of the House shortly before the bill was called up for passage by Hammett, but left before the debate began. However, two of his State-paid legislative agents, C. M. Hughes of Kirksville and Arch Baird of Jop-lin, were in the House while the bill was under discussion. Both of them have been on Becker's payroll but have not been assigned to regular departmental duties and have been spending most of their time mingling with members in the

The printing patronage has been an important cog in the political machine assembled by Becker as the awards tend to give him the support of at least one newspaper in each county of the State. In some instances the printing awards are divided between two papers in the same county.

Hammett's bill sought to place

the designation of the newspapers to print the text of proposed constitutional amendments and initiative referendums in the hands of the county courts, which would re-sult in about half of the awards by counties being made to Democratic

The Democrats who were absent or failed to vote on the measure Asotsky, Keating, Damon, Paskell, Hicks, Berry, Bourk and Lafferty of Kansas City, Barry of Mississippi County, Daniels of Reynolds County, Despain of Shannon County, Jackson of Oregon County; Langdon R. Jones of Dunklin County, Elmer Jones of Macon County, Richards of Washington County, Rucker of Phelps County and White of Scott County.

ATTOOED GIRL PLEADS GUILTY OF HOLDUP, SURPRISES LAWYER

By the Associated Press. DETROIT, Mich., March 24 .-Sally Scott, 18-year-old tattooed girl, who was arrested Saturday night after holding up a restaurant and shooting at two clerks in a drug store, pleaded guilty of rob-bery while armed, in Recorder's

Court today.

Miss Scott made her plea of guilty only after a brisk inter-change with George Parzen, her attorney, who wanted her to stand When Judge W. McKay Skillman

asked the girl what her plea was, she stepped forward and said: "I plead guilty." Parzen stepped up beside her.
"No, she doesn't, your honor, she

stands mute." he said. Miss Scott regarded her attorney coldly. Then she turned to the

"Do I have to fight to plead guilty?" she demanded.

Judge Skillman accepted the plea

and remanded the girl to the county jail for sentence. Both arms of the girl are tattooed with weird designs and the inscriptions, "The Godless Girl." and "Death Before Dishonor."

AMERICANS DRAW 5 HORSES IN HOSPITALS SWEEPSTAKES

By the Associated Press.

LONDON, March 24.—Five Americans and a Canadian sanitorium drew horses in the Irish Hospitals Sweepstakes on the Grand National which will be run

at Aintree Friday.

Clayton C. Woods, Buffalo, N. Y., drew Gregalach, which won the race in 1929. Mrs. Margaret Enrace in 1929. Mrs. Margaret English, East Orange, N. J., drew Mouat Etna. John McCarthy, West Philadelphia, Pa., drew More Keen. C. F. Coates, Spokane, Washington, drew Stash. A. Juneau, Alaska, man drew Lady Victoria. The "Bennett" Orchard Sanitorium, Hamilton, Ont., drew Great Span.

First prize in the sweepstake amounts to about \$1,700,000. Among those who drew cash prizes of \$5900 each were Frances Walker, Peterboro, Ontario: Samuel Medley, Hamilton, Ontario and "Rattlesnake Pete," West Van-

chicago, March 24.—When a provision that it go to the Home Mrs. Hattie I. Yungling of Car-Mrs. Henrietta Loveland Starrett for the Friendless here on his rollton, Ill., a second cousin, was died, 30 years ago, she left her death. Starrett's will, admitted to not mentioned in the will.

By the Associated Press.

KANSAS CITY, Mo., March 24.—
Gutzon Borglum, sculptor, after finishing a portrait bust of former
United States Senator James A. 24.—Charile Chaplin, the comedian, left today on a hunting trip force. It can be strongest I as a guest of the Duke and Duck. 'SUSPECTED' NUGENTS face "is one of the strongest I as a guest of the Duke and Duchhave ever modeled. The Senator ess of Westminster on their estate. VOTERS' LISTS

> Supporters of East St. Louis Mayor in Campaign Obtain Them by Temporary Injunction.

Lists of "suspected voters" who registered recently for the city elecion to be held in East St. Louis April 7, were obtained from the Board of Election Commissioners yesterday by R. H. Huschle, campaign manager for Mayor Frank Doyle, under protection of a temporary injunction issued by Judge William F. Borders of the East St.

Louis City Court. Thomas Coonan, chief clerk of the Election Board, said the delivery of the "suspect" lists defeats the purpose of the registration canvass by the board. Judge Paul Farthing of the St. Clair County Court, who has supervision over elections matters, said the lists, in his opinion, are not public docu-

A list of 3000 "suspects" had been compiled by the Election Board, after a canvass of each precinct by election clerks, Coonan said, and notices were mailed to each one on the list. The notice obligates the person to appear before the board and show cause why his or her name should not be

Statement by Election Clerk. "There was just cause for a suspect notice in each case," Coonan said. "The clerks during the canvass reported that the persons these lists could not be found at the addresses given or were dead. I don't think there was any effort to register dead persons, how-ever, as the number was not large.

"Today is the last day for a suspect' to appear before the board. A notice is usually suffi-cient if a person has registered falsely. But with these lists made public, the 'suspect' can be coached to appear and make another affi-davit, and the purpose of the canvass is defeated."

Since the primary election, Feb. 17 voters registering totaled 6743, about half of them Negroes. There are 1264 Negroes on the "suspect"

Huschle, in his petition, states that Coonan had refused to show him the election registry and the list of "suspects." He is "informed," his petition reads, "that the board intends to strike 3000 qualified voters from the registry, to the detriment and irreparable loss to Frank Doyle and other candidates.' Coonan said he did not refuse Huschle the registry, which is a public record, but did refuse him the "suspect" list. The writ is re-turnable in the May term of court,

Lists Not Public Documents. Judge Farthing said: "Last Sat-urday Huschle, Dan McGlynn, Mayor Doyle, Commissioners Herman Zierrath and John Connors, George Levy, candidate, and Ed Cunningham of the Park Board, called and asked me why they could not get the list of suspect notices. I told them that, in my opinon, these lists are not public docu ments. They are not made so specifically by law and to furnish such lists to political parties or groups would tend to defeat the provisio of the law made to secure honest,

clean elections.
"The Election Commissioners, the Clerk and everyone connected with the office are charged with the duty of making every effort to obtain honest elections, clean from illegal voting. The purpose of the canvass is to search out persons registered whose right to vote is doubtful. This board has no desire to play favorites, and is composed of two Democrats and one Republican. It is not interested, as a board, in anyone's candidacy.

"It has information that persons have sought to register who gave postoffice addresses outside East St. Louis. Other voters, when asked the usual questions out of their regular order, could not answer and in some instances by-standers attempted to coach them.

Register From Vacant Property. "In some cases, persons have registered from homes and addresses where they do not live, some from vacant property and others from

no known address.
"With these things in mind, and no provision made in the election laws directing the Election Comaissioners or the Clerk to give out the lists of suspected voters, it was and is my opinion that it tends to hinder and prevent clean, honest elections to give out the list o

IDENTIFIES BROTHERS AS LINGLE'S SLAYER

First Witness Points Out Defendant as Testimony Is Begun at Chicago Trial. y the Associated Press. CHICAGO, March 24.—The tak-

ng of testimony began today in the rial of Leo V. Brothers of St. Louis, charged with the murder of Alfred J. Lingle, Chicago Tribune Warren Williams, a former rail-

road brakeman, now employed by the State's Attorney's office, was the first witness to identify Brothers as the actual slayer of Lingle, pointing him out in the cour Assistant State's Attorney Way-

land Brooks, in his opening state-ment, listed one eye witness after another and said: "This witness will tell you that that man was Leo Brothers." The witnesses, Brooks said, saw the shot fired, or saw the slayer run out of the Randolph street

pedestrian tunnel and lose himself in the traffic. Defense Attorney Tyrrell Krum charged in his opening statement that the whole case was "purely

and simply a frame-up by certain ersons in the underworld." The defense had five or six witesses, Krum said, who were at the scene of the murder and who would testify that Brothers was

not the killer. Krum said the defense would prove that Brothers was miles away from the Randolph street tunnel at the time of the murder and

Krum said that two of the State's witnesses had been on the payroll of the Lingle investigating board

they had not been employed for months before the killing.

He related how Brothers was arrested and held for several weeks, asserting that it was "a very beautiful demonstration of the third de-

For six days, Krum asserted, Brothers was handcuffed and shackled and questioned incessantly. At one time, he said, a doctor told the investigators to stop or they would have a corpse rather than a defendant.

Coroner Bundesen was the first witness, telling of going to the scene and identifying the body. Coroner Bundesen was asked on cross examination whether in searching Lingle's body, he found a \$25,000 check and \$1500 or 1600 in cash. He said he did not and that so far as he knew, no such amounts were ever turned in to his office. He said Lingle's belt buckle was studded with diamonds, but that he had never talked to the reporter about the history of the

Mrs. Helen Lingle, widow of the reporter, was in the court room today for the first time, but not as

No mention of the death penalty or any other penalty was made in the State's opening statement.

STENOGRAPHER ON STAND DENIES KILLING BOSS' WIFE Miss Irma Loucks and Employer Accused of Murder of Mrs.

Leona Bowles.

By the Associated Press. HILLSBORO, Ore., March 24 .-Her cheeks pink with rouge, the first she has worn since the murder trial began, Miss Irma Loucks, 28 years old, took the witness stand here today to deny that she and Nelson C. Bowles, Portland capi-

talist, murdered Bowles' wife. The woman, former secretary to Bowles, in whose apartment Mrs. Leone Bowles was stabbed to death last Nov. 12, gave a brief history of her life. Her father was killed in a train wreck. Her mother was obliged to seek employment, and the girl took care of the family.

Irma attended the public schools and university at Salt Lake City and later taught school. In 1923 they came to Portland, where Miss Loucks obtained work. She became acquainted with Bowles, she said. when he gave her a position as stenographer.

Bowles testified yesterday that his wife stabbed herself and said that when his wife called at the Loucks apartment Miss Loucks told Mrs. Bowles that the affair between Bowles and Miss Loucks would be

Arnold Bennett III From Typhoid, LONDON, March 24.—Arnold Bennett, noted author, who has been ill for some time, is suffering from typhoid fever, it was learned today, although his illness originally was diagnosed as influenza. There was a slight improvement in his condition today, it was stated. He was taken ill while in France shortly after Christmas.

The attempts generally were successful, the proponents having clear majority of votes because

One amendment, which was de feated, struck at the section claring the act necessary for the preservation of the public peace, health and safety. It is under thhis section that the Survey Commission members and the proponents of measure propose to attempt to " prevent its submission to a vote of the people under the referendum section of the Constitution. With the "peace, health and safety" clause eliminated, the bill, after passage, could be submitted to a vote merely by meeting the constitutional requirements in the circulation of referendum petitions.

Question of Legality. With the section in the law, will become a question for de termination in the courts as whether the act in fact is "necessary for the public peace, health and safety," and submission under the referendum will be interrupted.

Bates sought by amendment to eliminate from the measure a provision for the employment of a chief deputy auditor at \$4800 a year, and three division deputies at \$3600 a year, to supervise 10 additional field deputies in checking tax returns and detecting evasions. He at first proposed to strike out also the provision for the 10

additional field deputies, but withdrew that amendment and submitted one striking only at the four higher salaried jobs. This amendment was under dis-cussion when the Senate adjourned

and will be taken up again when the Senate convenes tomorrow

DETROIT DEFICIT \$22,000,000 ficial Exceeding His Budget.

DETROIT, March 24.-An ordinance to be introduced in the Common Council tonight by Council-man William P. Bradley would Ju make it an offense punishable by cre removal from office, fine, or im-

prisonment for any city department head or commission to exceed its budget in expenditures.

Enforcement would be placed in in the hands of the City Controlled and Budget Director. The ordibates the company of the co nance also provides for monthly nary audits of public accounts and a general audit of all city books each the Year. This year's deficit amounts to \$22,000,000.

WASHINGTON, March 24,-A decrease in income tax collections tabulated on March 21 as compared with the same day a year ago was shown in today's Treasury statement which reported \$16,206. 279 as compared with \$31,372,280 a year ago. The drop increased the deficit

for the month. A total of \$299, 435,575 has been collected this ponth as compared with \$491,700,-996 last year. The collections for the fiscal year amounted to only \$1,470,866,599 as compared with \$1,744,335.138 in the same period of the preceding year.

The continued decline supported

the Treasury's estimate that not more than \$350,000,000 in income tax would be collected this month as compared with \$559,000,000 in March of last year and indicated that the fiscal year would end with deficit of \$700,000,000 or mor On March 21 the Treasury had a ship of the old United Railways in deficit of \$606.233.333, as compare

with a surplus of \$105,869,734 for the same day last year. Total co Service Co., the city accepted 16,212 shares of the new company's prelections from all sources for the present month were \$367,864,184 as ferred stock in payment of a claim of about \$2,400,000 for delinquent compared with \$571,762,835.

Watson and McNary, G. O. P. Leaders in Senate. Urge It Following Change in Farm Board Policy.

WASHINGTON, March 34 .- The qualization fee proposal is back on the doorstep of Congress along with

power and unemployment relief. The Farm Board's agnounce ent that it would not attempt to stabilize the 1931 wheat crop has rought renewed demands for the

qualization fee. A special committee has begun a campaign for an extra session of Congress, and Representative La-Guardia (Rep.), New York, has presented a program which he says must be accepted by the party that ganizes the next House.

Hardly had the Farm Board decided not to buy 1931; wheat than farm relief plans, embodying the qualization fee or the export debnture, were put forward as solu-Watson for the Fee.

Two Republican leaders in the Senate, Watson of Indiana and Mc-Nary of Oregon, proposed the equalization fee. McNary was coauthor of the fee bill vetoed by President Coolidge.

An export debenture proponent. Senator Borah (Rep.) of Idaho. who is chalrman of the Farm Re-lief Committee named at the recent Progressives' conference, said agi-tation for both plans would be inreased at the next section. Simulaneously, Chester H. Gray, legislative representative of the American Farm Bureau Federation, indorsed the equalization fee.

Borah said the Farm Board's sta

oilizing efforts "had to have end," as they were "leading to disaster." Gray predicted the board would be stripped by the next Conreas of its power to do this work.

Problem of Storage Wheat.

Traders and growers alike watched to see how and when the board would dispose of the 150,000,-000 to 200,000,000 bushels of wheat it has stored. The board promised to sell "in such a way as to impose a minimum of burden on domestic and world prices." La Guardia set forth in a state-ment the "minimum legislative de-

nands' of progressives in the next Continued on Page 6, Col. 3.

SOMETHING TO REMEMBER WHEN YOUR TAXES INCREASE.

ances are concerned, we are in exactly the

same position as if the debts with which we were concerned had been wiped out.

The 4% per cent which Congress enjoined

the debt funding commission to charge was

no imaginative figure. The American tax-

payer was paying 5 per cent on the money

which he had borrowed by means of Lib-

erty bonds. He did not see why the British-

er should get off for less. So far as my

judgment of the situation is concerned, I

feel certain that the United States taken as

a whole, was not in a mood to grant us bet-

ter terms than those which Mr. Baldwin

obtained. The telegram which I, together

with Lord Burnham and Sir Auchand Geddes sent to Mr. Bonar Law (to the ef-

fect that no further concessions from the United States were likely to be obtained)

s evidence of the strong conviction which I

Our judgment may have been faulty, but,

if anyone feels inclined to doubt the conclu-

sions at which we arrived, let him consider

the situation which we find even today.

There were in 1922 a number of people on

the eastern seaboard of America, chiefly

bankers and men doing an international

trade, who would have liked to see the pay-

ments owing to America reduced to the

the years have progressed and experience

has shown the embarrassing effects on

world trade caused by the existence of

great blocks of national debts, the number of doubters in America has grown and

lowest possible figure, or even canceled. As

held on the matter.

The British-American Debt Settlement

British feeling that schedule of payments to U. S. is unjust denounced as erroneous; England remits only approximate amounts she receives from Continental debtors; next to Balfour proposal for mutual cancellation, Baldwin got best possible adjustment; world depression rousing sentiment in America for canceling debts.

Sir Robert Horne, ex-Chancellor of the British Exchequer, in the London Sunday Times. (Reprinted from the Living Age). ever, it is obvious that, so far as cash bal-

HERE have been many loose and inaccurate statements with regard to the setlement of the American debt. It has been represented that Mr. Baldwin, through his unskillful negotiations in 1923, saddled this country with a burden of payment under which we are groaning and struggling, and which is one of the important causes of the depression.

You would supp large number of ordinarily well informed people believe it-we make this heavy payment year by year to America without receiving compensation from any other quarter. There could be no more gross misrepresentation. The truth is that what we pay to America, in fulfillment of the settlement which resulted from Mr. Baldwin's visit, is compensated to us by what we are receiving from our debtors on the continent of Europe. The sums vary slightly from year to year; at the present time we are receiving rather more than we pay, in other years we shall receive rather less. By and large, the payments and receipts balance.

This state of things is the result of the plan enunciated in the Balfour note, that famous state paper which was issued in 1922 when Lord Balfour was acting Foreign Secretary. In it we announced to our debtors that the policy favored by Great Britain was that of a complete cancellation of all war debts. We said that, so far as ve were concerned, if America would cancel the debt owed by us to her, we would forego all the war debts owing to us, including the reparations owed by Germany. We further stated, however, that America was requiring us to pay our debt: that we that we must look to our debtors to meet their obligations to us, but to the extent only of the payment that we should be compelled to make to America

The principle of the Balfour note, it will be seen, has been strictly followed. Mr. Baldwin laid in America the foundations of settlement which was ultimately adopted by the British Cabinet, although with great reluctance on the part of Mr. Bonar Law Under that arrangement we are at present paying £33,600,000 a year to America. This will rise in a year or two to £37,000,000. Following upon that agreement, the various settlements that we have made with our debtors have been based upon the principle of securing such sums from them as, together with the amount that we obtain in reparations from Germany, will balance our ayments to the United States.

The official reports which came to this ountry during 1922 made it perfectly plain that America regarded Britain as the solvent debtor, and that, whatever she might be prepared to do for the Continental countries, which she regarded as hopelessly impoverished, she would expect us to our obligations. It is true that the general conditions of business would have been better had a complete cancellation of debts been made by America in accordance with the main suggestion of the Balfour

WASHINGTON, March 24. Life is short,

Like the three days' glory Of the cherry blossoms THUS does the Japanese poet describe

what has grown to be one of the most distinctive things the national capital posesses. With the great dome of the Capitol, the beautiful simplicity of the Lincoln memorial, the stateliness of the Washington monument, the three miles of Japanese cherry trees, symbols of happiness or the sakura spirit of Japan, have found their place in the Washington scene. It will soon be cherry blossom time again.

Again people will be coming from far and ; near to get a glimpse of them in bloom a-along the speedway and around the Tidal Basin. Artists will be setting their easels under the blooming trees, endeavoring to put on canvas the reality of their bloss And girls, clad in Oriental costumes, will walk along the sea wall, holding Japanese

F OR cherry blossem time is spring time in Washington. And it is at this season of the year that the capital shows itself in all its fullness

Mrs. William Howard Taft is credited with responsibility for Washington's cherry blossoms. She had seen them in the Orient, and when she became first lady of the land. had a number of the trees brought and planted here.

Later Dr. Jokichi Takamine, a Japanese chemist, visited Washington. Delighted to earn of the interest taken in his country's cherry blossoms, he was instrumental in having some 2000 trees sent here in 1903. But when the trees arrived, they were conlemned as infected and ordered burned. Dr. Takamine persisted, and two years later 3000 trees were donated by the city of From these grew the bower of Tokio. looms that is to be seen now.

Of Making Many Books JOHN G. NEIHARDT

zine. It was not until 1900 that this reviewer became intimately acquainted with the book, but the deep impression it made upon him has remained, although it has been his fate to read literally thousands of books since then, most of which, thanks to an excellent forgetter, have vanished like the psychic fogs that they were. On the fly-leaf of his cherished copy, now a generation old, the reviewer finds the following penciled remark: "I know of no work with which to compare this." The statement remains true; is to achieve the "most intriguing, tantalizing effect" on the mentolk for the winter, will leave florence this week to sail for New York where she will meet her sistence. It all sounds rather terrifying to a timid male.

But "forewarned is forearmed." For instance, it seems that perfume winter. After a brief visit in New York Mrs. Lightner and Mrs. Cockof no work with which to compare this." The statement remains true; may be applied "just back of the arms, at the base of the neck and the attention of a new generation of readers is being called to it as a feet. If a man were aware of the of readers is being called to it as a feet. If a man were aware of the when they will go to Mrs. Cockeration of the original properties of the statement remains true; may be applied "just back of the cars, at the base of the neck and on each wrist" with devastating effect. If a man were aware of the when they will go to Mrs. Cockeration of the cars, at the base of the neck and the cars, at th result of Deems Taylor's Operatic trick, might he not do a bit of saluersion of the strangely beautiful tary spiffing while there was still ale recently produced in New York. time to turn and run? Daily Article by Calvin Coolidge

(Copyright, 1931.) NORTHAMPTON, Mass.,

March 24. THE experience of the last year and a half, has done much to demonstrate the economic unity of the country. In a general way prosperity and depression are rather evenly divided among all classes of pro-

ducers. The years following the war brought a good deal of complaint that agriculture was depressed. The people on the farms thought all the people in industries were prosperous, while only a por-tion of agriculture was profitable. Yet of the corporation making tax returns for 1929 about 264,000 showed a net income and about 231,000 showed no net income. During this boom period many lines of industry were engaged in profitless production. No doubt many farmers were in the same con-

It is now apparent that it was not true that the farmer could be helped by taking something away from industry. When industry began to be depressed the farmer was worse depressed. The weaker class always suffer most from a decline in trade. Agriculture and industry go together. When industry recovers agriculture probably will recover. The returns show that perity and that not all industry

Legislators Walk Out of New Delhi Assembly - Demonstrations at Karachi.

By the Associated Pr. ss. NEW DELHI, India, March 24. Members of the Nationalist party walked out of the Legislative Assembly today in protest against execution of three men at Lahore last night. The sitting of the Assembly was shortly thereafter adjourned. The Nationalist party is distinct from the All-India National congress, which has boycotted the Legislative Assembly.

Convicted of murder of a police official in December, 1928, Baghat Singh, Raj Guru and Sukhdev were hanged. With others they were implicated in a series of violent offenses, including the bombing of the Legislative Assembly hall at New Delhi in April, 1929.

Nationalist leaders protested against the executions, saying the Viceroy's good faith in the recent ruce with Mahatma Gandhi would be established by commutation of the sentences. The bodies of the three men were cremated and, in ccordance with Hindu rites, the ashes scattered on the Sutleg River, Just before leaving for Karachi with Vallabhai Patel, Pandit Jawa-

was told of the executions. Gandhi warned his followers against putting themselves in wrong by becoming angry, but warned the youth of the Nationalist movement that the "deliverance of this country must not be through

murder."
"The Government lost a golden opportunity of winning over the revolutionary party." he said. "It was their clear duty in view of the recent truce at least to suspend xecution indefinitely."

KARACHI, March 24.-Advices here today on the three executions for the Lahore conspiracy led to demonstrations of protest. Marchers carried a black flag around the Nationalist Congress camp, where a deep feeling of resentment was apparent. A large Nationalist tri-colored flag was flown at half

mast.

Nationalists are arriving from all parts of India to participate in what will undoubtedly prove to be one of the most momentous con ventions of the India National Conress. Many delegates are former for seditious utterances or actions against the British Government. Twelve hundred delegates arrived pecially chartered steamer. Before the week is out an additional hundred thousand members are

The convention grounds of the congress on the edge of the desert resembles a great religious revival meeting in some western state of America. White capped, white robed, sandal clad delegates are living in tiny tents pitched in shifting sands on the trackless

The congressional sessions will be dominated by Gandhi who arrives tomorrow. A monster parade and demonstration had been pre-pared for him, but Gandhi him-self, fearing they would degenerate into violent reactions against the TEXT OF PACT ON FREE TRADE BETWEEN **GERMANY AND AUSTRAI**

Article IX. Section 1-After the agreement is in effect both Govern-ments shall retain the right to conclude commercial treaties with other states.

Section 2—In such negotia-tions with other states both the German and Austrian Governments will take care that the interests of other parties do not conflict with the contents, and do not violate the purpose, of the treaty to be concluded. Section 3—As far as possible, in the interest of a simple,

speedy, uniform regulation of commercial relations with other Powers the German and Austrian Governments will jointly conduct negotiations regarding the conclusion of commercial treaties with other Powers. In such cases, however, Germany and Austria will sign and ratify separate commercial treaties and will agree mutually about the simultaneous exchange of ratified documents with the

third Power.

Both Governments shall take timely, necessary measures to harmonize all commercial treaties between them and other nations insofor as these contain customs tariffs agreed upon, or insofar as they might jeopardize the carrying out of the present import and export prohibitions and other pre-scriptions concerning commod-

Article XI.

Section 1—For purposes of smooth execution of the treaty, an impartial arbitration committee composed of citizens of both countries shall be created, charged to (a) arbitrate differences of opinion between the contracting parties about interpretation and application of the treaty and (b) bring about understanding in such cases where, according to the contents of the treaty, the realization of intention by one party depends upon the approval of the other, if in such cases an understanding between the parties cannot be obtained otherwise. Section 2—Arbitration com-

mittee decisions in all cases shall be binding for both parties. A majorty of votes shall of a tie the vote of the chairman shall be decisive. Selection of the chairman shall be regulated in the treaty on the principle of absolute impar-

Section 3-If in the opinion of one Government the decision of the arbitration committee economic life, it can give six months' notice of the termination of the treaty. Such notification is admissible also dur-ing the first three-year period the treaty as provided in Article XII, Section 2.

Article XII. Section 1-The treaty to be concluded shall be ratified and enforced within the period designated in the treaty, which begins to run the day the rati-

fied documents are exchanged. Section 2—Tweive months' notice shall be necessary for termination of the treaty, but this shall be permissible first after the third year of execution

Pan-European Group Meeting in Paris, Fears Treaty Will Lead to Austro-German Merger.

PREPARING AGENDA FOR MAY CONVENTION

French Foreign Minister Warns Against Making Economic Union Too Comprehensive.

PARIS, March 24.-The economc union projected by Austria and Germany today seemed to anticipate the plans of the Pan-European Committee meeting to consider Aristide Briand's scheme for an

Members of the Brian Commitmittee assembled in an atmosphere of distrust, concerning the proceedings at Berlin and Vienna, and of suspicion that the projected Austro-German accord is the first step toward a political union of the two countries in violation of the peace treaties and the Geneva pro-

conomic union of all Europe.

tocol of 1922.

The text of the accord, which is subject to ratification of the two Parliaments, was made public in Berlin and telegraphed here. It proclaims the equality and indeendence of the two nations and their willingness to have other na-It is thought here that the ac

cord will give Germany free and favored access to the markets of Austria, making German goods available to Austrian citizens at lower price levels than has been the case. If the union could be extended to certain Balkan countries the advantage to Germany would be inestimable.

Asks About British Attitude.

ish Foreign Minister, there were meeting the Foreign Ministers of Poland, Denmark and Switzerland, and Herr von Simson, formerly under-secretary of Foreign Affairs for Germany.

It was understood that the Vi-

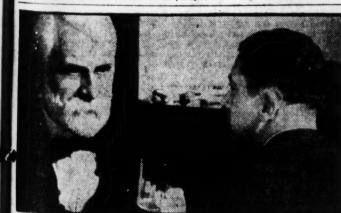

enna-Berlin agreement was the principal topic of conversation in the committee lobbles, and that Briand and Henderson discussed it in detail. Briand wanted to know the British attitude toward the

Although the Austro-German project dominated the atmosphere of the Pan-European committee group avoided any formal remarks regarding it.

Briand got right down to the business of the committee, which empowered to prepare agenda for a plenary session in May at eneva which will suggest a constitution for a European union. Briand's Warning.

"There are two dangers to be tious an edifice and the other in building too narrowly an organization the length of whose life we cannot yet predict. We will follow the safe path if we keep in mind that we are subordinated to

The right way to use the new HUMIDOR PACK

Do not tear Cellophane. Look for the convenient flap at the top

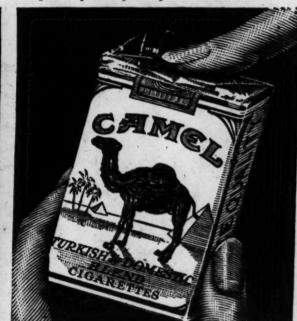

To avoid tearing tin foil, slip first finger of each hand under A Revenue stamp and break it

Help yourself to a fresh cigarette, then slide package back into its Humidor Pack

6 Close package. It guards Camels from dust and germs and provides sanitary protection

THE moment you open the new Camel Humidor Pack you begin to note the advantages of this new, scientific and sanitary method of wrapping Camel cigarettes.

At once you are greeted with the delightful aroma that comes from choicest Turkish and mellowest Domestic tobaccos in prime condition.

Your sense of touch also detects the freshness of Camels, for unlike moisture-robbed cigarettes Camels are pliable to the fingers.

But the real difference comes when you light a Camel and inhale its cool, fragrant smoke.

Cigarettes brought to you so perfectly conditioned deserve to be kept that way in your pocket.

The simplest way to insure this is to open the Camel Humidor Pack as shown above.

That will keep intact the mildness and freshness that is making the whole country say: "Now I'd walk two miles for a Camel because they're twice as good."

If you haven't tried Camels in the new Humidor Pack, switch over for just one day.

Then go back tomorrow if you can.

Senator Connally Asserts Administration Misrepresented Conditions to Influence 1930 Elections.

By CHARLES G. ROSS,

WASHINGTON, March 24.-Sentor Connally (Dem.) of Texas, in statement last night, charged the dministration with deliberate misrepresentation of unemployment conditions, for the purpose of influencing the 1930 elections.

"Secretary of Commerce La-mont's report showing 6,000,000 unemployed reveals the deception that was practiced on the country in the pre-election period of 1930,"

said Connally.
"During that time President
Hoover and his various cabinet oficers issued statement after staterepresented the maximum of those out of work. "When thees figures were chal

lenged, the then Secretary of Labor, now Senator Davis, issued an indignant comment that the criticism of his department's figures was made for a strictly political

Recalls Hyde's Announcement.
"In July of last year Secretary of Agriculture Hyde announced that "the nation is back at work" and that 'we have suffered from little more than seasonal unemployment,' and he added that 'there was relatively little distress.'

"The purpose of these mislead ing statements was obvious. The administration was being attacked for its incompetence to meet conditions growing out of the business depression, and it seemed to it good political strategy, in view of the then approaching congressional elections, to minimize the extent of the industrall disaster. "Almost immediately after the

November elections President Hoover, in his message to Congress, reiterated the misleading figures. He said: 'The number of those wholly out of employment, seeking work, was accurately determined by the census last April as about 2,500,000. Secretary Lamont now says that the number of jobless January, 1931, was 149 per cent greater than the total reported in April. His estimate of December vhen the President repeated to Congress the figure of 2,500,000, was that there were close to 5,000,-

000 people unemployed.
"Of course, the administration contention must be that in the intervening time since last April the number of jobless was multiplied by 2 or 3. If this is the fact, what is the explanation of President Hoover's statement of March 7, 1930, that the low point of depression was over and that the worst effects of the stock market crash on employ-ment will be passed in the next 60

Minor Abnormal Unemployment. "In this statement President Hoover said: 'Unemployment amounting to distress is in the main concentrated in 12 states. The authorities in the remaining 36 states employment, or that the minor ab normal unemployment is being rapidly absorbed.' And at the end of that month Secretary Davis again estimated the unemployed as between two and three million. "On June 4, 1930, according to Amos Pinchot, the President told a delegation of which Pinchot was a member that unemployment was being shamefully exaggerated, that its peak had been reached and

passed and that the tide had turned. "Late in that same month Secretary Lamont issued a statement estimating the number out of work and seeking work a 2,298,000, while on Aug. 10 Prof. Charles E. Persons, who had been employed by the Census Bureau as an expert in census enumeration and who had quit his job in disgust at the juggling of figures, said that a reasonable estimate on the basis of the detailed census data showed there were over 5,000,000 unem-ployed at that time. About the same time, Secretary Davis an-nounced that he believed a study of the statistics would reveal a steady decrease in unemployment and prophesied that much of it

would vanish in the near future Either Figures or Cabinet Wrong. "Obviously the Secretary of Com-merce's startling figures, showing a constant increase of unemploy-ment during the past year, are wrong, or else the President and his various secretaries entirely misled the country as to the trend of

"It is hardly credible that the out-of-works increased from two nillion to over six million in a year and that the administration was so uninformed that it really believed that the trend was in the absolutely opposite direction.

EQUALIZATION FEE AGAIN SUGGESTED FOR FARM RELIEF

Continued From Page One. louse, in which Republicans hold a prospective majority of one or two. These proposals are: The Wagner employment agency bill pocket-vetoed by President Hoover; a national unemployment in-surance system; Government op-eration of Muscle Shoals; legislaion on injunctions in labor dis-outes, and liberalization of House Delegates told Senator Watson and

rules.

Of the political group which controlled the last House he said:
"The leadership of the Republican party has falled utterly. By that I nean President Hoover."

The extra session demands nean President Hoover."

The extra session demands were nade at a conference headed by forman Thomas, a former Social
to the President on his return from the Caribbean, the Senator expressed the belief business would revive quicker with Congress in adjournment.

Happy Days

are here again!

THAT'S what we all will soon be singing if we get down to "brass tacks" now.

And where is a better place to begin than safeguarding one's health by a change to a more nourishing and economical diet. Get back to bread.

Back to bread means better living, for there is no food more satisfying, or more appreciated by every member of the family, when served in generous slices, than good bread.

Back to bread means economy in these times when it is wise to be thrifty.

To be thrifty gives one a feeling of satisfaction-which feeling means better health.

Better health means more energy more energy develops greater earning power.

Happy days are here again-because you can buy

Trading Again in Meager

Volume — Commodity

NEW YORK, March 24 .- Bears

stepped on each others' toes and

became frightened in today's stock

The commodity market stiffened otably after yesterday's sharp ell-off. Traders showed renewed interest in wheat. The September position dropped about % of a ent, but other deliveries held bout steady. Cotton closed about steady. Corn eased, closing 5 to

Foreign exchanges were generally teady to firm, although the Brazilan peso was under pressure. Sterling was steady at \$4.86, and for the second successive week, it was believed that the Bank of England succeeded in capturing the of the offering of Transvaal

While rail earnings reports apearing for February are fully as bad as expected, there is no definite advance information that Baltimore & Ohio directors tomorrow will se it to follow the lead taken by New York Central and pare down their disbursements to stockholders, and even if they do, traders felt that such a development had been fully discounted already. Shorts, therefore, thought it a good time to repurchase their stocks sold in the carrier group.

Westinghouse appeared to have taken about all the short selling there was room for, and an opera tor was reported as understood to have been giving the crowded shorts a few prods and pinches.

Soggy Bond Market.
One of the least favorable developments of the day was the soggy tone of the bond market. Trends in non-ferrous metals were mixed. Silver again turned upward, with a gain of % of a cent. Copper Exporters, Inc., once more shaded the price of export metal % of a cent, but for a limited amount only, evidently for the purpose of clearing the market.

Call money held officially at 114 per cent, and outside offerings at 1 were more limited than of late owing to the heavy Government withdrawals of funds on deposit

use this coffee

Recently when slimness became so much in vogue, and women turned more and more to H&K, we learned why they found it so increasingly essential. It was our roasting process, called *Vi-raying. This aids in the neutralization of coffee's bitter oils, thus making H & K Coffee sweet enough in itself to please many and with the addition of much less than the usual sweetening, it pleases most every one. Trust clever women to find in this old established coffee that which exactly fits their slender diet needs. Try the coffee made for slim fashions.

MEN RELISH THIS COFFEE

H & K is packed in key-opening air-less vacuum tins, which, as one great woman's magazine says, prevents loss of aroma and strength. This aroma and full flavor is what men like and it suffers sixty-six percent loss in one day if packed in loose-cover cans. Thrifty women appreciate the full value of the seven to ten cups more per pound of H & K held in by vacuum packing.

★ Vi-raying is the exclusive name for our roasting process (developed through fifty years of experience, research and improvement in coffee roasting) which aids in the neutralization of the bitter oils found in all coffees. Everyone knows that it takes more sweetening to overcome a bitter substance than one which is not bitter. Thus, you can readily see why H & K Coffee takes the minimum amount

Used in a Trade

March 24.

Hafey is a holdout and if the Cardinals can arrange a good deal, he won't be a member of the St. Louis National League organization when it breaks spring camp. Rickey held a conference yesterday with L. C. Euch, president of the Phillies and he spent much of last evening talking rapidly into a telephone transmitter, extolling the vir-tues of Hafey and cash and explaining that Hafey would be of great assistance to the other club. Rickey didn't have any nibbles worth mentioning at a late hour last night. At least he wouldn't mention any. In fact he wasn't doing any important talking at all, except over the telephone. "No matter what you ask me,"

he explained, "I must be dumb or pretend to be dumb." Cannot Discuss Trades.

"Has the prospective trade of Hafey for Klein progressed to any CARDS DEFEAT extent?" he was asked. "I think we have a great ball

player in Eddie Delker," was his answer. "Eddie can do anything, hit, run, field and he's going to be a star in the National League." "How about a trade with the Phillies of Hafey for Bartell or Whitney? Are you considering such a deal?"

'Pinochle isn't a bad game, but I like bridge better." Rickey retorted. "Though I find contract bit more intricate than auction."

Rickey finally explained that he couldn't discuss any prospective deals, or any that had fallen through, because the mention of King 2b......3 1 2 2 2 1 players on other clubs as desired Purdy If 4 0 2 1 0 0 by the Cardinals might be con- Smith rf...... 0 0 4 0 0 For instance if Rickey said the Anderson ss. . . 4 0 0 1 4 1 strued as tampering.

OUTDOOR SPORTS

By JEAN KNOTT

ON A HURDLE

3400 To 1

T OHNNY RISKO, once a title contender, is far from being "through." His great battle with Walker at Miami and his fine recovery since he was battered into defeat by Maxie Schmeling nearly two years ago, for the first decisive defeat of his career, indicate he has come back. R ISKO is still a young fellow in his physical prime. He is

not particularly marred by his ring reverses. And, although he has suffered severe punishment in some of his fights, he was born with shock absorbers at-

Risko has met the best and won. That is, providing we accept Jack Sharkey as "the best." Some two years ago he beat Jack in 15 rounds. He has given all the heavyweights of ring prestige today plenty, whenever he has fought, although he has not al-Had Risko flourished in the

days when Bat Nelson, the Durable Dane, and the little "iron man," Ad Wolgast, slugged their way to the top through sheer, dogged endurance, Johnny might have been a champion indeed. good as he has taken.

There are today plenty of backers who would have a bet down that Risko would defeat Schmeling, if they were matched again. The heavyweight championship standard is so low at ladder to attain it.

Risko a Busy Boy.

AGAINST John Schwake it is something of a guess how Risko will proceed. At Miami, Risko stormed the lighter Mickey Walker without cessation for 10 rounds. He rushed and threw gloves without end. He buffeted his opponent around the ring and only the fact that Johnny shoots 'em straight gave the little fellow the winning margin Schwake is something else. He will outweigh Risko by 15 or 20 pounds. He fights from a peculiar crouch and weaves to throw his right or left in an un-

usual manner. He looks like a dub, but has been rather hard to hit. He is still harder to hurt. And, by way of steadying any careless attack. Schwake shells the enemy with some remarkably heavy artillery. It doesn't do to collide with John's right. Or

vet his left. Many of the boys look for Risko to sink the home boy's ship quickly. On the score of experience and class of foes he has opposed, Risko might do this. Still, flattening Schwake is something that has still to be accomplished. He hasn't lost a professional fight as yet.

Big Year for Holdouts.

C HICK HAFEY is still unsigned today. That, of course, is not so good. Chick's war club has battered down the enemy morale on many a disputed field it is true. But it is also true that he has at times caused his team great grief by poor fielding and by his illnesses and failure to report promptly.

Notwithstanding this, Hafey has been offered an increase of \$3500 on his contract of last year which means nearly 40 per ent more than his salary of 1930.

That, to the average person would seem to be a very liberal advance, especially from a team that is well regarded as a world series possibility. But Chick wants \$5000 a year more than the \$9000 a year paid him in 1930. He is holding up the club's

training camp plans to get it. Holdouts Choose Bad Year. HAFEY'S case is not the only one that is aggravating the magnates. Al Simmons is still clamoring for a three-year contract, calling for a total of \$100,-Dazzy Vance is still on the

outside looking in, demanding \$25,000 a year after having been just a fifty-fifty pitcher last sea-The pre-season interval has seen more and higher holdout

a source of some amazement that the baseball players picked on the worst financial outlook in many years to demand increases, especially since the overhead of major league clubs already is sky

Babe Ruth Responsible. BaseBall can thank Babe Ruth for most of its salary

troubles. Ruth has done his bit. At the gate he has drawn the crowds and has earned his hire. But he has also created a new standard of pay that all the boys will be shooting at until Babe sses out of the picture. Winning clubs can pay the

huge salaries. But the smaller clubs-how can they hope to keep contented and capable players when their pocketbooks permit only half the overhead of the larger outfits?

Cruel and Unusual.

TAKEN all in all, the amateur boxer's lot is not a happy one. As a rule he works harder and more faithfully than a champion training for a title bout. He takes more punishment than a skilled "pro" and when it is all over he has received for his pains a \$12.50 run or a pair of Indian clubs that That is not the whole of it. The

very rules and conditions under which he fights are more irksome than those that hamper the man who fights for mere money. For example, take last night's Mississippi Valley tournament: Two of the boys who came through to win titles had to fight three times during the night. One of the boxers in his first engagement suffered an injury to his eye, and no slight one, and had tests under this handicap!

Ever hear of a professional having to face three different crown?

Another thing: The bouts began at 8:30 and lasted until 2:30. Between fights the boys had to lie around on the dressing room floor, scantily protected, stiffening up after each event without adequate rubbing. Imagine the "grousing" that

would follow if a professional had to experience such treat-

Back to Cave Man Days.

THE amateur has always had I to give more than the professional. There was a time, and not long ago, when an amateur could be knocked out three times in a three-round fight. That was because of the rule

that a knockdown ended the round. Thus a fighter might be floored and really put out, but the bell would save him because the round automatically ended. This could be repeated in the second and third rounds, theoret-One would have to go back to

the bare-knuckle days of professional combats to find a parallel

That situation has been elimi. nated. But the amateur still suffers by comparison with the pro. Even in national tournaments bouts continue far into the night, with boys being asked to appear in more than one contest evening. Some plan of schedulingcontests should be devised to eliminate that. Obviously, it is not fair to ask a boy, injured in his first contest, to oppose a fresh boy who has drawn a bye, in the next round.

Hoppe Issues Challenge.

PITTSBURG, Pa., March 24 .- A hallenge to "any three-cushion billiard player in the world" was issued here yesterday in behalf of Willie Hoppe by his manager, William E. Baker. Arthur Thurnbald is the present three-cushion champion, having won the title last month in Chicago. Baker said low that if Thurnbald or any other player of note accepted the chalenge the tournament would like y be held here the latter part of April, at which time Hoppe scheduled to appear in Pittsburg.

By W. J. McGoogan. Eight amateur boxers are sporting new belts today, emblematic

of championships which they won in the second annual boxing tourent of the Mississippi Valley Athletic Association, a tournament which started at 8:30 o'clock last night and wound up at 2:20 o'clock this morning. About 4000 fans paid \$2000 to see the show and they received

many times that amount of fight-ing, as fighting is measured. Not all of the 4000 stayed to the finish, however, for, as Pete Little of the Wesley House A. C. was carried to his corner after having been knocked out by Carl Schober, South Broadway A. C., thus won the middleweight title in the final bout, not more than e-third of the crowd remained. A few of the boys coasted to their championships with little but Schober and Joe

Herbst Jr. of the Croatian A. C. who won the welterweight title, had rocky roads to travel to the Each engaged in three ed Pet uts and those two classes provided the toughest competition of the night. Six final bouts ended in knockouts and two in decisions. Herbst Shows Kayo Punch. Herbst won with three straight

knockouts, disposing of Cooper in the first round, Farrell e in the second round and Johad a rather hard tussle with A. C. in the first round match but he drew a bye in the second. He proved no match for Herbst in the final, however, for Joe was at his He swarmed all over Huff Huff on the floor several times before he took the count.

The most savage battle was that between Schober and Little in the middleweight final. Schober had received a painful bruise over his left eye in his first-round battle with Johnny Bush and it was further aggravated in his contest with Tom Ryan. When he came out for the final the eye was bulging. Little, himself almost unmarked diately made Schober's eye a He opened it up and had hober a gory sight by the end of the first round. In the second it seemed that Little would knock out Schober, for the bell found South Broadway battler bruised

However, Schober came ou strong for the third round and while he was fresh waded into Little and battered him to the floor, unconscious, with a barrage of Doxey Too Ill to Fight.

Tony Viviano took the flyweight title largely because Frank Doxey. belongs to the same club as wearing iviano, the Croatian A. C., was It is likely sick to defend it. Cliff Doetzel punched his way to pr

TWO WASHINGTON U. SWIMMERS MAY ENTER U. S. CHAMPIONSHIPS

Students at Washington University have started to raise funds among themselves to send Pat Frank and Joe Ledbetter, leading Washington U. swimmers, to the National Collegiate championship in Chicago, Friday and Saturday. If sent to meet. Ledbetter will compete in the 50-yard dash, and Frank in the 200-yard and possibly the 440-yard free-style event.

Pitchers Worry Mack. FORT MYERS, Fla., March 24. -Preparing to break camp here today and start homeward with the Philadelphia Athletics' second string squad. Manager Mack said his ony yorry was about a pitch-ing staff. He hopes to dig up an-other ace somewhere to go with Grove and Earnshaw, but admitted hadn't found one. ready now to go the nine-inning route and Earyshaw has written from Hot Springs, where he is working that he is in shape. Walberg, Shores and Mahaffey whom Mack has counted upon to consistent hurling, have not rounded into winning form.

THE MAN WITH THE

and grouchy at home. His enemies increased, his friends became fewer. Then one day his doctor told him the truth. He had been handicaned by

constipation for years. It had brought headaches and con-stantly irritating ills to make him "touchy." It had stolen

his energy and good nature.

His doctor suggested eating Kellogg's ALL-BRAN regularly. And in a few days he was a

changed man, cheery, ambitious—and on the road to success and happiness.

Constipation is so unnecessary. It can be overcome so casily, so pleasantly by eating delicious Kellogg's ALL-BRAN:

a delightful, ready-to-eat cereal.

PRESIDENTIAL PARDON GIVEN ATTORNEY JOHN T. MURPHY Restores Civil Rights of Former St. Louisan Convicted of Mail Fraud; Present Address Unknown.

who answered his call for a partner in the collection business. This activity was described in court as ambulance chasing for personal injury cases. Murphy used postcards to notify "partners." He was released from prison July 17, 1919.

In 1922 Murphy was found in possession of altered War Savings Stamps which were part of the loot when the State Bank of Iuka, lill., was robbed on Dec. 20, 1921.

He testified for the Government that three other defendants had commissioned him to sell the stamps and he was fined \$105.

A CLEANER in PUTTY form, containing tested and proven ingredients, like ABSORENE, is the ONLY kind that will pick-up and absorb the carbon dust or "lamp black" without rubbing it into the delicate finish of the paper. ABSORENE cleans CLEANER than any other method you can apply.

#### Removes ALL the dirt in ONE Stroke

Absorene has cleaned papered rooms satisfactorily from 5 to 10 times until the paper was old, faded

NOTHING ELSE WILL Get your supply at stores that sell Cleaners ABSORENE MFG. CO., ST. LOUIS, U. S. A.

# BLOCKING THE PATH **PROGRESS**

RAILWAY traffic boths freight and passenger regis-tered alarming declines in 1930. The number of passengers carried by the railroads was the smallest in 25 years and the passenger earnings of the railroads were less than any year since 1916.

Q Virtually unregulated highway competition—that is, in effect, government subsidized-now is making serious inroads in the freight tonnage of the railroads. This does not mean that your railroads are in danger of being abandoned. Far from that. But, this new form of unfair competition is seriously affecting the rail carriers.

Faced with losses in passenger traffic, ranging from 30 to 50 per cent in the last ten years, and losses of the business, the railroads, in addition, are confronted with continually decreasing revenues as a result of countless rate adjustments, the final effect of which is an ever lower level of rates and revenues.

The present-aituation is not comparable to that when the railroads supplanted the stage coaches and the river steamboats. Then, as now, the railroads were more than amply able to take care of all the traffic. But, if the unregulated, subsidized competition on highways and waterways should now destroy or cripple the railroads these other kinds of transportation could not begin to take care of the transportation requirements of this country.

Q For instance, in normal good times, the freight traffic of this country approximates 1,000,000 cars a week. Allowing three tons per truck it would require 10 million trucks, and allowing only 50 feet per truck it would take 100,000 miles of highways to line up enough trucks end to end to load this traffic. It doesn't require much of an imagination to picture what would happen if the railroads should cease to function.

The railroads cannot adjust themselves and their service to meet the present unregulated competition. If the competition, especially that on the highways, is properly stabilized the railroads can be counted upon to continue to provide the best and cheapest transportation in the world.

Richard J. Ganahl Enters of the people are taken into ac Contest With 3700 Names on His Petition-Four to Be Chosen.

tions for Board of Education candidates, petitions for a ninth candidate were filed with the Election Board yesterday. They were for Richard J. Ganahl, a salesman, of 4094 Quincy street, and bore signatures of about 3700 voters, or somewhat more than the minimum somewhat more than the minimum required.

Names of the nine board candidates will appear in a nonpartisan column on the blanket ballot in the municipal election of April 7. Four laces are to be filled and the four ncumbents are seeking re-election. The candidates, in order of filing, esides Ganahl, are:

Milton F. Napier, a lawyer, 4314A Grace avenue. Richard Murphy, incumbent, an investment salesman, 3725

Utah place.
Emil J. Barth, president of the board, assistant superintendent of an insurance agency, 3542

Bamberger avenue.

Bruno Sendlein, a bedding merchant, 4255 North Twentieth

Mrs. Elias Michael, incumbent, 4383 Westminster place.

John C. Tobin, incumbent, a lawyer, 4417 Westminster place. Dr. Solon Cameron, a physician, 4910 Maffitt place.

Henry P. Mueller, president of the Cherokee National Bank, 3630 Humphrey street.

Friends of Napier sought to file with the Election Board yesterday petitions bearing 18,500 additional signatures for him, but met with refusal on the ground that those already filed were sufficient.

Statement by Barth. pler of the building policies of the Board of Education, President Barth has issued a statement, listing expenditures of \$9,010,584 in the last five years for sites and school buildings. A construction total of \$8.238.944.36 included \$3,803,525 for 10 completed schools, \$2,273,280 for schools to be ready next September, \$907,649 for alterations and additions, which provided 72 more classrooms and other facilities; \$93,340 for expenditures due to the 1927 tornado and \$1,-161,149 for new service buildings. For new school sites \$636,928 was spent and for additions to old sites

\$134.712, a total of \$771.640. Napier had said the board ought to issue bonds to pay for buildings in order to spread the cost over future generations, but Barth re-plied that the board long had been committeed to paying for construction from current revenue. The board's only funded debt is \$2,000,-000 still outstanding on a \$3,000,000 building bond issue voted during the World War. Columbia School old Central High badly damaged and the Educational Museum destroyed, but the Columbia has been

Defends Portable Schools. The use of 126 units of portable school buildings was criticised by Barth replied that experience had demonstrated the wisdom of utilizing this type of school structure for temporary relief of overcrowding and for new residential districts before exact needs could be determined. As a result, Barth declared, hundreds of thousands of dollars have been saved, through avoiding construction of facilities that would be superfluous. As new centers of population spring up, the board president explained, prudence dictates temporary school accommodations, and shifting population also has made necessary use of portables as temporary additions to permanent buildings, as is being done at Cleveland High

School and elsewhere now. In only four school districts are portables employed altogether, Barth said. These are the Busch, Herzog, Mallinckrodt and Schroeder schools. Barth declared that when population in those neighborhoods stabilized itself so that permanent enrollment could be predicted accurately, permanent build-

ings would be erected. New High Schools Planned. Barth pointed out that the board had gone on record for new high schools at Kingshighway and Arsenal street and at Kingshighway and Natural Bridge avenue, and that plans for the former are being

Woerner grade school, at least \$4. Ward, a Democratic organization, F. McHenry. 500,000 will be needed, Barth said. To supply this much money from current funds within a short time ould call for radical curtailmen of school service, he went on, the public approves of a conserva-tively progressive building and educational program, in which the immediate and ultimate needs of the children and the financial burdens

(A New Department in the Post-Dispatch Daily Magazine.) EAR MARTHA CARR: How can we make the little girl, who seems to have no background, teaching or kindly impulse see where her pertness, her slovenly work and her disrespect for better things are leading her? She seems, like Topsy, to have "growed." She resents a hint that she is not perfect, and her mental state would indicate, truly, that she has "nothing on her mind but her hair."

I rode down in the car on my way to work, the other day, with two of her. One calmly finished her toilet, cleaning her nails, powdering and painting and poking at hair. She chewed gum, exhibited the run in her stocking and commented on it so all could see and hear. The other girl yawned, sleepily, and rasped out: "My Gawd! Ain't it a fright to

## HEALTH

rief articles prepared by experts. Edited by Dr. Iago.
Galdston, for the New York
Academy of Medicine.

Acute Appendicitis. URGICAL procedures in dis-eases involving the abdomen have been highly developed dur-

g the past 20 years. In many ways operations have peen rendered more safe and less-crippling, but the surgical treat-ment of acute appendicitis does not appear to have fully shared in his general advance of modern

The mortality rate from acute appendicitis is too high. Too many of those who develop the condi-tion die from it. In various localties the mortality rates range from

3 to 10 per cent.

The problem extends beyond the confines of surgical technique and touches the public at large.

It is universally agreed that when a case is seen within 24 hours of the time of case it should be operated upon. Early diagnosis is more important than refinements of surgical treatment, but unforof surgical treatment, but unforunately, largely depends upon how promptly medical help is

One of the great difficulties is that since grandmother's time we have been taught that the sovereign semedy for general abdominal pain s "a good dose of caster oil." This s possibly the worst procedure in ceute appendicitis.

Also, too many think only of the lassical onset of appendicitis, pain and rigidity in the right groin, for-etting that this appears in not Quite as often the onset of acute ppendicitis is marked by a pain cated above the umbilicus asionally the pain covers the enre abdomen. It is only when the eritoneum which lines the abdonen and its organs becomes in-olved in the region of the apendix that we have a more direct ference of pain to the right groin. Much progress in the reduction appendicitis deaths could be ade if we all learned that the eatment of abdominal pain is to

CHILDREN By Mary Graham Bonner

Band Wagon. HE little Black Clock and John THE little Black Clouds a splen-and Peggy were having a splen-did time flying along on their next adventure, and, although their pilot drove the plane swiftly, they could look out and see the clouds, the other planes and the air ho-

It was fun when the Clock's magic turned the time ahead like this. They stopped at one of the air hotels and had some refreshments and when they got back in the plane they found there was a band in the plane too.

There were all the usual players -even the drum major, and all were splendidly dressed in uniforms of red with gold trimmings and brass buttons.

As they flew along they began to play. It was the most thrilling experience either of the children had

They could not understand what it meant. Where were they going and why were they having this fine oncert?
The Little Black Clock could see

that they were puzzled, but he did not say a word.

They were asked to suggest some of their favorite pieces, and the band at once played them. At last they landed again and while they got out the band stayed

in the plane.
"The band," said the Little Black Clock. "wanted to give you a con-cert, for they said that boys and

"They had just finished a concert at one of the air hotels when they heard about our trip and asked if you'd like a special concert of your own.
"That was why they asked for

your favorite piece. It was just a special treat." "It certainly was a treat," John

Both by Drinking Thompson's Very easy and pleasant to do. To gain weight drink with or between meals Thompson's "Double Malted"-two teaspoonfuls in glass of milk. It will help you relish the milk, it will assist you in digesting other foods, and the

added calories will build up your weight. To lose weight without sacrificing energy, drink a glass of Thompson's instead of luncheon—with perhaps a wafer or two. It is quite sufficient food to sustain your energy. And it is food in its most digestible form, which means quick and easy assimilation by your system - improved

Thompson's is most digestible because "Double Malted" - containing twice the malt-enzymes of ordinary malted milk. Hence it gives quick energy to the fagged and aids in the digestion of heavy meals. Children drink milk eagerly when mixed with Thompson's. The extra

butterfat builds them up and makes them grow in height and weight as healthy youngsters should. FREE LIFE LINE CHART—6 feet high, keeps track of weight and strip and height of the entire growing family. Tells what each boy and stri should weigh at every age. Send a postal for it to Thompson's Maltad Milk Co., Inc., Waukesha, Wis.

#### HEALTH

Brief articles prepared by experts. Edited by Dr. Iago.
Galdston, for the New York
Academy of Medicine.

#### Acute Appendicitis.

URGICAL procedures in dis-eases involving the abdomen have been highly developed during the past 20 years.

In many ways operations have been rendered more safe and less crippling, but the surgical treat-ment of acute appendicitis does not appear to have fully shared in this general advance of modern surgery."

The mortality rate from acute appendicitis is too high. Too many of those who develop the condi-tion die from it. In various localities the mortality rates range from

. The problem extends beyond the confines of surgical technique and touches the public at large.
It is universally agreed that when a case is seen within 24 hours of the time of onset it should be operated upon. Early diagnosis is more important than refinements of surgical treatment, but unforof surgical treatment, but un tunately, largely depends upon

how promptly medical help is

One of the great difficulties is that since grandmother's time we have been taught that the sovereign remedy for general abdominal pain is "a good dose of caster oil." This is possibly the worst procedure in acute appendicitis.

Also, too many think only of the classical onset of appendicitis, pain and rigidity in the right groin, foretting that this appears in not ore than a third of the cases. Quite as often the onset of acute endicitis is marked by a pain ated above the umbilicus. Ocnally the pain covers the ene abdomen. It is only when the and its organs becomes in-yed in the region of the apdix that we have a more direct ence of pain to the right groin. uch progress in the reduction ppendicitis deaths could be if we all learned that the he patient to bed and send for

#### HOW COCOANUTS WERE NAMED

THESE NUTS HAVE NO CONNECTION WITH COCOA. COCO IS A SPANISH BABY WORD FOR UCLY OR BOGIE-MAN, AND BECAUSE OF THE FANCIED RESEMBLANCE THEY WERE NAMED COCONUTS. WHEN JOHNSON WROTE HIS DICTIONARY A CARELESS PRINTER INSERTED THE A , SO THEY HAVE BEEN COCOANUTS EVER SINCE.

What was Alexander's alarm clock? What is meant by "catch your hare first"? Answers tomorrow each member of the family accord- | A pastry tube comes in handy Help by Children As a general rule children should ot be paid for routine home dufor work that some one else would have to be paid to do. In such a case the child should be paid what ties. They can understand that tasks and benefits are shared by is work is worth-never over

Strategy of the Opposition. The Senate has an established FAIR TO bate. A motion for the previous question is looked upon as an act of grave discourtesy to those Senators who desire to continue speakng. such a serious discourtesy that its use rarely has been attempted, notwithstanding the custom can and is made use of to defeat many bills. Yet there are several Sena-tors who are actively supporting the tax bill who would not vote af-

previous question.

Even though the opposition should be unable to prevent the tax bill from going to a vote, it is by no means at the end of its rope in no means at the end of its rope in its purpose to defeat the Survey Commission program. Whenever this the bill is passed, if it ever is the next order of business is the bill to double the corporation franchise tax. While it is the expectation that the measure will be detected asserted days could be occu-

tant tax bill, but it,
